

Harmful Sexual Behaviours

Background

As children get older, the way they express their sexual feelings changes. Children and young people who develop harmful sexual behaviours (HSB), harm themselves and others. This course aims to help professionals to identify HSB and respond appropriately.

Learning Outcomes

By the end of the training, attendees will:

- Have an improved understanding about children and young people who display HSB
- Be able to identify the reasons young people display HSB
- Understand the impact of HSB from both the victims' and perpetrators' perspective
- Be able to identify at the earliest stages possible whether a young person is displaying HSB
- Understand the processes, services and interventions that are in place locally
- Have practical tools and techniques to work with young people who may display HSB
