

Workshop to Raise Awareness of Prevent (WRAP)

Background

The Workshop to Raise Awareness of Prevent (WRAP) was developed by the Home Office and is a half day interactive, facilitated workshop. It is aimed at frontline staff (such as police, social services, probation, youth workers, and health staff. A more tailored training package is offered to educational settings and should be sought directly from the Redbridge Prevent Team).

The purpose of WRAP training is to raise awareness among frontline staff of the risks associated with the targeting of vulnerable individuals by extremists – both Al Qaida/ISIL inspired and the far right. It is a key awareness tool for frontline staff to enhance their implementation of safeguarding duties.

The workshop covers local and national context and threats, the process of radicalisation, and factors which may contribute to an individual's susceptibility to radicalisation. Topical examples will be used as illustrations and case studies to understand the referral process.

Learning Outcomes

At the end of the workshop, participants will have:

- An awareness and understanding of the Prevent agenda and their role within it
- Increased confidence to discuss issues and concerns and how to respond to them
- The ability to use existing expertise and professional judgement to recognise potentially vulnerable individuals

Level 2

Trainer

Faye Hussain, Prevent Education Officer, London Borough of Redbridge

Duration

13:15
13:30
16:00

Half day

Registration
Start
Finish
