

# Understanding Loss, Grief and Bereavement and the Effects on Children and Families

## Background

This course offers guidance and information on the effect of the death of a child in a family and an awareness of how to support families in safeguarding children.

## Learning Outcomes

This training will support participants to:

Explore taboos around children and death

- Understand the importance of listening
- Understand the impact of grief on families
- Respond to the grieving of parents and children
- Explore the impact on staff and practice
