

Introducing The Havens and NEL CSA Hub:

Supporting Recovery and Health of Children Affected by Child Sexual Abuse

FREE TRAINING

Background

The [Independent Inquiry on Child Sexual Abuse](#) has heard from victims and survivors of the psychological and physical effects on well-being, family and intimate relationships, faith, and education and career. For some victims and survivors these effects endure throughout adult life.

This half-day training aims to provide a space for front line professionals to understand local services and reflect on the support needs of children and families affected.

Learning Objectives:

- Increased awareness of Child Sexual Abuse (CSA) pathways in Redbridge
- Understand what is involved in a forensic medical examination and a child sexual abuse medical examination
- Understand the range of services offered at the Havens Children and Young People's Service and the local CSA Hub
- Learn about the medical and emotional support needed following an allegation of sexual abuse/assault

You can **book your place** using our [online booking form](#). Details of course fees and our cancellation policy can be viewed [here](#).
