

Level 4 Safeguarding Children

Background

Level 4 safeguarding training is an advanced training that equips professionals with in-depth knowledge and skills to manage complex safeguarding concerns, particularly in cases of child protection and adult safeguarding. This level is for individuals with management or supervisory responsibilities in safeguarding, such as named professionals or those leading safeguarding investigations.

Learning Objectives

- Outline the essential legislation, guidance and research evidence that form the foundation of your organisations safeguarding structures and response to concerns.
- Understanding organisational accountability for safeguarding.
- Reflect on themes from case reviews and consider how this learning can inform practice and organisation procedures, including rapid reviews and the learning and improvement from serious child safeguarding incidents and the local child safeguarding practice review process.
