Reason for referral						
Summary Reason for this contact		<p>I am making this referral due to Henry disclosing that over the weekend he was hit with a belt with a metal buckle by his father as punishment for not finishing homework.</p> <p>Henry was observed to be upset in class when he arrived today (Monday). His class teacher spoke with him alone and asked if he was okay. Henry broke down immediately and said <i>'He beat me, he hit me with the belt on my back and legs. It really hurt. He told me not to tell anyone.'</i> The class teacher asked Henry who 'he' was, Henry said it was his father.</p> <p>The class teacher asked whether Henry had any marks on his legs. Henry said, <i>'yes here'</i> and pointed to his outer upper left thigh. The teacher was unable to clarify whether there were any visible marks due to the location</p> <p>The teacher asked Henry to tell her what happened: <i>'I hadn't done my homework; he grabbed the belt and hit my leg with the bit on the end'</i> Henry was asked to clarify who did it, he said <i>'Both of them, my mum and dad do it. When I be bad.'</i></p>				

	<p><i>‘He gets his belt and hits me with it’</i> How many times has this happened? <i>‘a lot.’</i> <i>‘My mum and dad are rude to me when I be bad.’</i> How does it make you feel? <i>‘Makes me feel upset.’</i> Does it happen to anyone else? <i>‘Yes, my sister when she be bad’</i></p> <p>Henry’s sister Sally (9 years old) was spoken to, she was asked what she and her brother did at the weekend. During the discussion Sally confirmed that Henry was hit at the weekend by their father, stating <i>‘Henry was bad, my dad hit him,’</i> she did not mention a belt and did not make any disclosures about being hit with implements by her parents.</p> <p>A call was made to MASH who advised not to inform parents, and not to allow the children to leave at the end of the school day, a duty social worker will be coming to the school.</p>
